

Update on Lung Cancer Treatment

Wednesday, April 22, 2026 | 6 p.m.

Location: Zoom Meeting

Dr. James McPherson, director of Thoracic Surgery and co-director of the Lung Center of Excellence at Capital Health Cancer Center, will discuss the latest treatment options for lung cancer, with a focus on minimally invasive robotic-assisted surgery. Join the conversation to learn how this advanced technology can lead to better outcomes with additional benefits that include less pain, a shorter hospital stay, and a faster return to active living.

This event will be taking place virtually using Zoom. Register online at capitalhealth.org/events and be sure to include your email address. Zoom meeting details will be provided via email 2–3 days before the program date. Registration ends 24 hours before the program date.
